The original "Elephant Mug" was created for the National Republican Womens Clubs and copyrighted by Frankoma in 1969 and patented in 1970. Now each year this mug is produced by Frankoma as a stock item. The current mug is only available during that year — no back numbers are available at the plant. Each year the color is different.

You can dress FRANKOMA "up or down," for it is both useful and beautiful, whatever the occasion. All the extra serving pieces, as well as the centerpiece and accessories, are made to match in color and texture, and they are ovenproof.

Frankoma is ovenproof but does not claim to be flameproof. You will find it very durable and serviceable wherever china or pottery can be used. It is designed to be entirely satisfactory and we would appreciate letting the factory know of any deviation from this standard.

You are a welcomed guest at the factory any time. Should you come during working hours, we will be glad to conduct you through the plant to see **Frankoma** made. • Prices subject to change without notice.

Prices shown are retail.
