The original "Elephant Mug" was created for the National Republican Womens Club and copyrighted by Frankoma in 1969 and patented in 1970. The "Donkey Mug" was created in 1975 copyrighted and patented.

Now each year these mugs are produced by Frankoma as a stock item. The current mugs are only available during that year — Each year the color is different.

Pictured is the 13" LIMITED EDITION VASE, the twelfth in a series. Designed as a Grecian Vase, it will compliment any home decor and be a welcome addition to your Frankoma collection. The Vase is offered in Black with highlights of Terra Cotta in the Grecian tradition. The mold is signed by the artist — Joniece Frank. Each piece is numbered and the master mold will be destroyed after a total of only 3,000 impressions. No seconds are sold.

You can dress FRANKOMA "up or down," for it is both useful and beautiful, whatever the occasion. All the extra serving pieces, as well as the centerpiece and accessories are made to match in color and texture and can be used in the microwave, oven and dishwasher.

Frankoma is ovenproof but does not claim to be flameproof or chipproof. You will find it very durable and serviceable wherever china or pottery can be used. It is designed to be entirely satisfactory and we would appreciate letting the factory know of any deviation from this standard.

You are a welcomed guest at the factory any time. Should you come during working hours, we will be glad to conduct you through the plant to see Frankoma made.
