SIMPLICITY in its truest form — that's "Westwind." The carefully broken line of the shallow coupe shape is the key to the pattern. The simple unbroken line of the cup handle, with its broad thumb rest, combines grace and security.

The large and small open bakers have rolled rims for safety and ease of handling. Cleaning is no task. Much care is exercised in making these "easy-grip" knobs on the lids. This oven-to-table pottery is truly the gourmet's delight.

The homemaker today appreciates the warm, cordial earthen colors in this unique pottery. Its waxy textures are so lovely to the touch. Such tableware should be selected for its artistic qualities as well as its serviceability.

"Westwind," with its basic simple lines, permits freedom in expression of personality which is so important in smart contemporary homes. You'll LOVE "Westwind" —and, of course, it is all ovenproof.
